www.AMCOMC.org IS NOW LIVE!

Our brand-new website has officially been ported over to www.amcomc.org! We have been pleased to see a spike in activity on the website since the email announcing the site was distributed a few weeks ago. This endeavor took endless hours of building, transferring, and implementing vital information from our previous website to our new state-of-the-art site.

Now that the site is active, maintaining it is as essential to having a new one created in the first place. Our goal is to keep our membership informed with events as they happen and to inform them of what is on the horizon. **Your help and input is welcomed!** If you have any suggestions on improving or implementing new ideas, please do share them with us!

Once again, we would like to thank our new Webmaster Danielle Torres, our Administrative Director Sean Fitzgerald, and former Webmaster Robert Howson for their hard work and long hours in getting the new website up and active.

UPCOMING: MEMBER PROFILES

One of the goals that the Executive Team has established for 2017 is to create a section of the website that will contain member profiles. Within these member profiles, we will have a photo of the member, his or her vehicles (and photos of said vehicles), along with contact information (address, email, and/or phone numbers) that he or she is comfortable to share.

Administrative Director Sean Fitzgerald will be taking the lead on this initiative and will be requesting information beginning during next month's meeting.

TECH TIPS

Be sure to check the air pressure on your car's tires! Maximize the air pressure to the required specs and this will make your steering lighter and easier to turn. This especially helps for those without power steering!

FUN RUN DETAILS COMING

The long-awaited "Fun Run" is finally around the corner! Chris Wantuck has worked long hours planning and working out all of the logistics that will make this event the best it can be! Great job to Chris and all involved. Event information (including address and time details) will be disclosed by Chris at our upcoming club meeting on Wednesday, May 17, 2017.

STOEBER GARAGE TOUR

Club member Rick Stoeber will be hosting a tour at his garage on Saturday, May 13. His garage is located at 45 Park Avenue (off of Shrewsbury Avenue) in Shrewsbury. Light refreshments will be available and Rick will provide details at our meeting on April 19.

UPCOMING EVENTS

Be sure to check the EVENTS page on our new website at www.amcomc.org for continual updates on new and existing events that our club will be attending.

- April 19** AMCOMC Club Meeting, *Little Silver*

FROM THE GAVEL

I feel like the season only started yesterday, but we've already been so busy and enjoying the beautiful weather that we've been having lately. I'm so excited for this season as we continue to grow the club and our membership into something even more extraordinary than I can wrap my head around right now. We also have our event calendar filling out for the next few months already! I hope that everyone has their sun block ready.

With that being said, we always have a lot to celebrate as a club and with that in mind, I am happy to say that planning for the 2017 Summer Picnic is already underway. We were fortunate enough to secure the same location in Wall Township that we've had for the last few years. A HUGE 'thank you' goes out to Mr. Dick Davis, Vincent Del Ponte, and Pasquale Del Ponte for the use of their property. If the house should be occupied, we will have an alternative restroom situation planned as backup.

As always, we are seeking the help of all club members to volunteer for various aspects of the day's events, including food committees, cooking, prepping, and all of the other "behind the curtain" details that are so important! Please feel free to volunteer at any time, but we will have a more formal sign-up process at our next meeting.

As the season unfolds, the month of May looks to be filled with fun events. Please post your "Member" signs in your windows at each event and wear your shirts/jackets to show off our club!

First, I wanted to also congratulate two of our Executive Members, Webmaster Danielle Torres and Administrative Director Sean Fitzgerald on their engagement on April 2. As you can imagine, this one is quite special for me and we are extremely excited for all of the fun that is sure to come! Please help me in congratulating Danielle and Sean!

Next, there is an important update I wanted to communicate regarding the Belmar Cruise Nights that we have all been following very closely. According to a press release from April 13, the Belmar events will be reduced to only two (2) shows this summer in July and August only. This is mainly due to the increased permit costs for the event due to the increased security required due to recent events like the pipe bombs found at the marathon in Seaside Park.

Let's make this season our very best, filled with fun for everyone, and – most importantly – make it a safe one as well!

*Wishing you endless
miles and memories,
Jack*
