ANOTHER 'MOST PARTICIPATED' WIN FOR AMCOMC

THE 24th Annual Rolling Iron Antique Auto Show held at Allaire State Park on August 18th brought another win to AMCOMC for the 'Most Participated Car Club' with 42 member cars present. This is the club's first win at the Allaire show. Many club members took home awards for their vehicles as well, making this event one of our most awarded shows yet. Thanks to all who attended and showed off our club's logo on your vehicles, your shirts, and in your conversations.

'THE GAVEL': A NOTE FROM PRESIDENT JACK TORRES

WHEN I think of old school mechanics, I think of a guy with a rag in hand and a screwdriver in his back pocket. The types of mechanics with the knowledge of how to manually adjust the timing of an ignition, adjust the mixture in a carburetor with a turn of a wrench have gotten somewhat to the point of extinction. I'm not saying that they are all gone, but they are very hard to find nowadays!

Luckily, we are so fortunate to have mechanics in our club who are experts in their craft. A few who come to mind are Rick Stoeber, Frank Barone, and Mr. knuckles himself, Ralph Gargiulo. All individually at the top of their game, with repair shops locally. These mechanics are pros recognized by their peers for performing exceptional, high quality work. The knowledge these guys have can fill encyclopedias! The great thing is that they are only a phone call away and are very approachable.

It's a different kind of car world today, and we have learn how to mesh old school technology of "yester-year" with the new technology of today - always pushing the envelope for the future but never forgetting the past.

Wishing you endless miles and memories, 

THANK YOU TO ALL OF OUR 2019 SPONSORS! VISIT OUR WEBSITE FOR THE FULL LIST!
